Source entered Object No 1 on Forst Strasse which was marked by a red gate with a Soviet star and which was guarded by a sentry wearing black-bordered blue equalets and armed with a submachine gun. All incoming vehicles had to stop at the gate. The houses at the object south of the road apparently were occupied and seemed to house offices and billets. There was intensive passenger traffic between the houses. Motor vehicle numbers observed at the entrance included	25X1C

25X1B	6. 7.	On 7 September, practice flights were made by single-engine aircraft. 1  On 19 September, a PKV-45 DF station and a radio mast were observed in the northwestern corner of the field.4 Single-engine low-wing monoplanes repeatedly flew over the town throughout the day. Trucks  entered and left the airfie No trucks were observed at Kurzer Damm in Finsterwalde and the sheds there had been torn down. The opposite building was surrounded by a board fence.	25 <u>X</u> 1B
25X1A 25X1B	1	Comment. Finsterwalde airfield is occupied by a ground attack regime with about 40 II-los. All motor vehicle numbers belong to the new air force	
25X1A	2.	Comment. When the airfield was occupied by II-28s, it was assumed that two batteries each with 37-mm and 85-mm guns were located at the fiel No AAA had been observed at the field up to early August 1953 and since the field was re-occupied by a ground attack regiment. It appears now, however that at least one battery is stationed there.	d.

This object was previously occup by the bomber corps headquarters whose transfer was assumed but not confir It is possible that Object No 1 is now occupied by the ground attack corps headquarters which transferred to Finsterwalde from the Falkensee restrict area in early August 1953. Object No 6 is believed to house a main storero Object No 8 at Kurzer Damm, now Geschwister Scholl Strasse, was previously occupied by a supply unit.	med med ed
25X1A	4.	Comment. The PKV-45 DF station was previously located 800 to 900 meters west of the west end of the runway.
